

RFQ-NFC-05-2024 ADDENDUM ONE

ISSUE DATE 09-23-24

RFQ Schedule.

NFC is exercising its option to remove the deadline for the issuance of addenda to the RFQ schedule issued by the college should that become a necessity due to inclement weather conditions. At this time, there is no change to the RFQ schedule with the exception of removal of the deadline for addenda issuance. No change in the RFQ schedule is anticipated at this time, however should a schedule change be required due to weather conditions, addendum two will be issued and posted on the web page dedicated to this RFQ.

Bidders List.

The bidders list will be comprised of respondents to RFQ-NFC-05-2024 for prequalified contractor status with NFC, who respond by the deadline for RFQ responses as listed in the RFQ Schedule and who successfully meet the criteria for prequalification with NFC as listed in the RFQ-NFC-05-2024 Specifications Document inclusive of any and all addenda.

Start and End Date for Construction.

Contractors applying for prequalification with NFC must provide a statement with their response affirming the Contractor's willingness to enter into contract with NFC within ten days of notice of an award of bid. Contractors must be prequalified through the RFQ process to be able to submit a bid for the project. At the time of bid award, which is expected in November, the successful bidder will enter into contract immediately, within ten days of notice of award for the project, however, the notice to proceed with construction will be a time mutually agreed upon by the successful bidder and the College, and which will accommodate completion of the project within the funding requirement completion date in 2026.

Estimated Value of the Project.

The estimated value range for this project is between eight hundred thousand and nine hundred-fifty thousand dollars.

Clerical Revisions.

In Section 1.0 on page two of the specifications document, in paragraphs six and seven, each appearance of the word 'bid' is removed and replaced with the word 'RFQ'.
